

HAGOTH

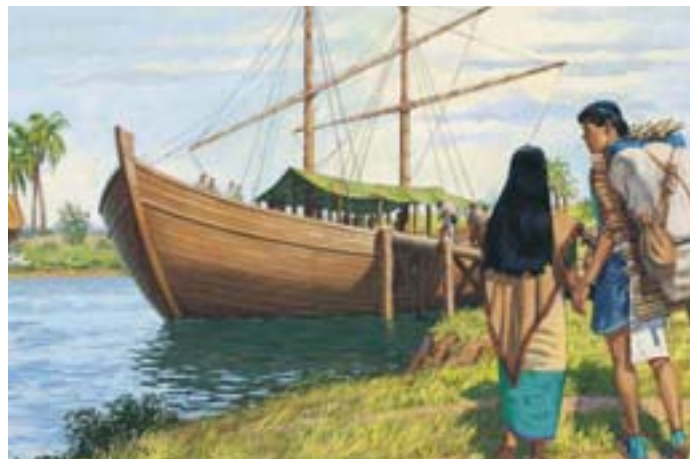

Chapter 36

About 55 years before the birth of Jesus Christ, thousands of Nephite men, women, and children left Zarahemla and traveled north. *Alma 63:4*

One of them, a man named Hagoth, built a large ship and launched it into the west sea. *Alma 63:5*

Many Nephites took food and supplies and sailed north in his ship. *Alma 63:6*

Hagoth then built other ships that carried people to a land northward. The first ship returned and picked up even more people. *Alma 63:7*

One other ship set sail. None of the ships returned, and the Nephites never knew what happened to the people. *Alma 63:8*
