New Called to Serve Videos

Serving as a full-time senior missionary is an opportunity to be cherished and sought after. Senior missionaries have more flexibility and less strenuous requirements than the young missionaries. Learn more about your opportunity to serve from those who have already served. Please go to <https://www.lds.org/callings/missionary/senior> and click on the play button to see the new video stories of some who have already served.

“We continue to need many more senior couples. As your circumstances allow, as you are eligible for retirement, and as your health permits, I encourage you to make yourselves available for full-time missionary service. Both husband and wife will have a greater joy as they together serve our Father’s children.”

**President Thomas S. Monson
General Conference, October 2012**

When prospective senior missionaries complete the Missionary Online Recommendation Forms, they are encouraged to indicate their interests and preferences regarding where and how they would like to serve.

Please remember, assignments are made by the Lord through His ordained Apostles, and prospective missionaries should be willing to serve wherever and in whatever capacity they are called.

Expense policy for senior missionary couples:

- Couples can now serve a six-month mission (in addition to 12, 18, and 23 month missions).
- Couples can serve internationally for less than 18 months (either 6 or 12 months) if they pay their travel to and from the mission field.
- Couples will pay no more than \$1,400 per month for housing costs (rent, utilities, and furnishings). This **does not** mean that the total cost of the mission is only \$1,400 per month. Couples will still be responsible for transportation, food, and other personal expenses (see “Estimated Monthly Mission Costs” on pages 14-15).

Processing time:

Senior missionaries should receive their mission call four to six weeks after the stake president submits the Missionary Online Recommendation Forms to Church headquarters. If senior missionaries are assigned within their country of residence, they generally begin service one to two months after receiving their mission call. If they are assigned to serve in a foreign country, it may take up to six months to obtain passports and visas.

There is an urgent need for couples with very good health who speak French, Spanish or Portuguese.

DOMESTIC MISSIONS

All missions within the United States and Canada need senior missionaries. There are many opportunities to serve full-time missions. Some missions can accommodate couples who want to live in their fifth-wheel trailer, travel trailer, or motor home.

FOREIGN MISSIONS

Foreign language skills are needed in many locations. Consideration of possible assignments may take into account languages previously learned as a missionary, even though some brush-up may be needed.

Whether or not a language is required, if you are going to a country where another language is spoken you may participate in one-on-one language-tutoring sessions. These sessions are available via Skype, telephone, and/or through an intensive immersion experience at the MTC. After entering the MTC, you will participate in three follow-up sessions.

Those serving in an English-speaking assignment in a foreign country may wish to learn some of the native language to facilitate shopping, interaction with neighbors, and participation in their ward or branch. After receiving a mission call (but before entering the MTC), interested seniors may request one-on-one tutoring via telephone or Skype.

LIVE-AT-HOME MISSIONARIES

Live-at-home missionaries serve full-time missions while still living at home. Opportunities include serving in mission offices, family history centers, employment resource centers, Salt Lake City Family History Library, and administrative assignments at Church headquarters. Live-at-home missionaries do not serve as member and leader support missionaries (proselyting). If you are interested in this type of assignment, please contact the Missionary Department.

Spiritually mature couples and senior sisters are needed to serve as temple missionaries in 63 operating temples around the world. Many countries do not have retirement systems that allow seniors to dedicate their time to temple work, thus the need for temple missionaries.

Very few temples in the United States and Canada rely on temple missionaries. They are staffed with local Church members, who are called and set apart as temple ordinance workers.

A small number of temples outside the United States and Canada use English as their primary ordinance language. An opportunity to serve in these temples is limited; however, there is a great need for senior couples to serve in non-English-speaking temples around the world.

Following is a list of the major languages used in temples, other than English, and the number of temples where they are used.

Language	Number of Temples
Spanish	30
Portuguese	7
French	10
Other	21

The "Other" category includes Cantonese, German, Italian, Japanese, Korean, Mandarin, Russian, Samoan, Swedish, Tahitian, Tongan, Ukrainian, and other languages.

In some circumstances, English-speaking temple missionaries may learn ordinances in another language and may serve in a non-English-speaking temple.

RECOMMENDATION INSTRUCTIONS

COMPLETING YOUR ONLINE RECOMMENDATION

PROSPECTIVE SENIOR MISSIONARIES

Submit your Missionary Recommendation Forms on the Internet using the Missionary Online Recommendation System (Available in most countries; check with your priesthood leader). Languages enabled for online recommend: English, Portuguese, Spanish.

When prospective senior missionaries complete the Missionary Online Recommendation Forms, they are encouraged to indicate their interests and preferences regarding where and how they would like to serve. Please remember, assignments are made by the Lord through His ordained Apostles, and prospective missionaries should be willing to serve wherever and in whatever capacity they are called.

To complete your online recommendation forms:

1. Ask your bishop to initiate your online recommendation.
2. Open your Web browser (Internet Explorer or Firefox).
3. Type www.lds.org/mss in the **Address** bar and then press the **Enter** key.
4. If you don't have an LDS Account (the same account used to access the stake and ward website and Family Search), click **Obtain an account**. Follow the steps on the LDS Account site to create an account with a user name and password. You will need your membership record number, which is on your temple recommend and an Email address. (For couples, each spouse must register for an LDS Account.) Contact your stake technology specialist if you need help with this step.
5. When your LDS Account registration is complete, or if you already have an LDS account, type your user name and password on the Missionary Online Recommendation System sign-in page.
6. Click **Sign In**.
7. Complete each section in the candidate checklist.
8. Print out the medical and dental forms to be completed by your physician and dentist. You should not schedule your exams until you have completed your medical information in the system. Your stake president should call us at (801) 240-6856 for information about completing live at home missionary medical and dental forms.
9. Accept and sign the privacy and release of information agreement. (For couples, each spouse must sign in separately using their LDS user name and password and complete this step.) This is required before submitting your recommendation to your bishop.
10. Click **Submit Electronic Recommendation**.

Your bishop will forward the online forms to your stake president, who can submit them to the Missionary Department up to nine months before your availability date. Your call letter should arrive four to six weeks after your stake president submits your recommendation.

Your MTC date may be delayed by VISA wait times, which are outside the control of the Missionary Department.
