To: General Authorities and selected Area Seventies; Stake, Mission, District, and Temple Presidents; Bishops and Branch Presidents

(To be read in sacrament meeting)

Dear Brothers and Sisters:

Approved Scripture Translation Projects

A number of scripture translation projects have been approved and are currently in various phases of the translation process. Such projects typically require several years of careful work with the scripture texts.

To allow members earlier access to scripture translations, it has been determined that as translations proceed, completed portions can be released in sequence from time to time. These sequential portions, although not considered final until the full translation is completed, will be made available on LDS.org and in the Gospel Library mobile application. Additional information on the approved languages and the implementation of this new process are noted in the attached document.

We encourage members to use the scriptures in regular personal and family study and in Church meetings and assignments. As members prayerfully learn and teach from the scriptures, their testimonies will grow and they will receive greater direction in their daily lives.

We ask members and leaders to continue using the current translations of the Articles of Faith, sacrament prayers, and baptismal prayer until new translations are complete.

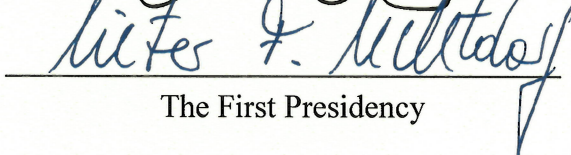

Sincerely yours,

Thomas S. Monson
