

Burrito Baby Doll

Notice the face placement is just below the center of the circle.

Doll Faces

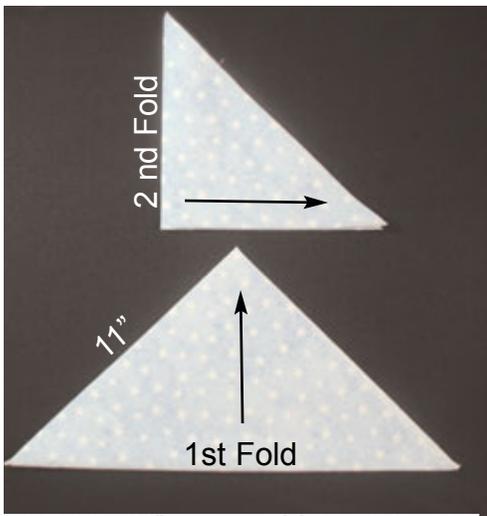

Material Needed:

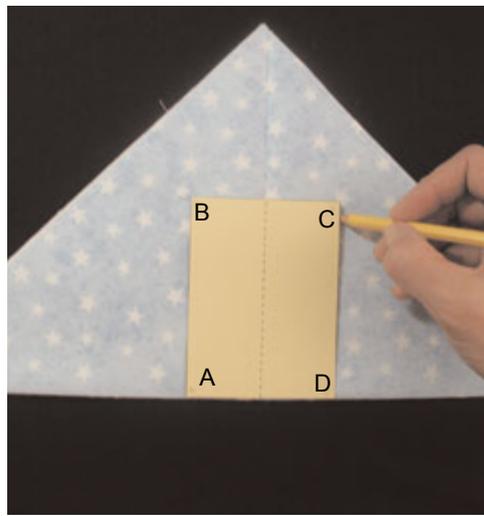

- 11" square of flannel or other soft fabric
- Circle of muslin, knit, flannel (for face, dark colors preferred)
- 5" length of 1" gathered lace
- Curled yarn (hair color)
- 3" x 4" body guide from cardstock
- Small Bow
- Pinking Shears
- Micro pigment ink pen (waterproof and fade proof for the fine face lines)
- Acrylic Paint
- Fine Tip Paint Brush
- Crayon or Colored Pencil (for cheeks)

Curling the Yarn for the Hair:

Wind yarn tightly onto small metal knitting needle (knot ends so it will stay tight.) Bake in 150 degree oven for about 10 minutes (**warning**-the needle will be hot). Cool completely before removing from the knitting needle. Cut in 1 1/2" to 2" lengths and hand stitch to the top of the head. You may also loop uncurled yarn and hand stitch in place.

1 Fold a 11" square of fabric into a triangle. Fold again as shown above. The purpose of the second fold is to locate an exact middle line.

2 Open the 2nd fold. Place the body guide on the 1st fold and align the dashed line with the crease created by the 2nd fold. Trace the guide. Straight sew the lines between A-B and C-D.

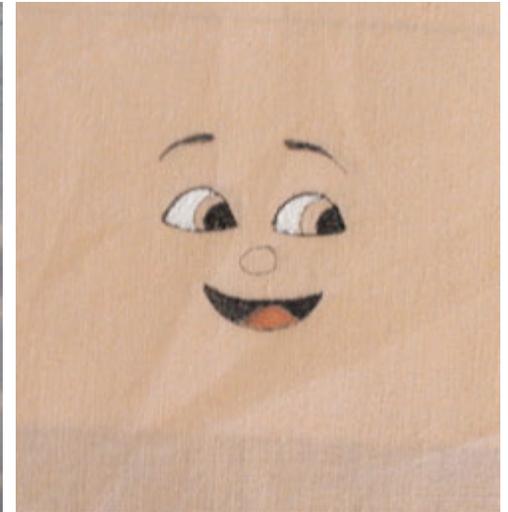

3 These two stitched lines will form the sides of the doll body. Separate the two pieces of fabric and stuff the rectangle. Machine sew the line between B and C to enclose and finish the body.

4 The two open edges are machine sewn closed and decorative edges are added. This may be done using the pinking shears, zig-zag, or machine decorative stitches.

5 Hand gather a 5" length of 1" wide lace. Pull it tight to form a half circle. Hand whip stitch this to the top of the body to make a collar for the head. A bow in the middle of the collar can be added.

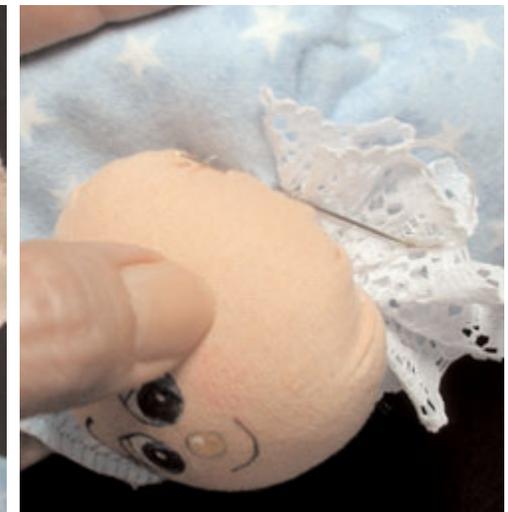

6 Trace the face and circle onto flesh colored fabric. Use a micro pigment ink pen that is waterproof and fade proof for the fine lines. Fill in the colors of the eyes and mouth using a fine brush and acrylic paint.

7 Notice a lighter eye color was used at the base of the eye color, a white dot gives shine. Blush the cheeks with colored pencil or crayon. Cut the circle out.

8 Hand gather the outside edge. Stuff the head tight and pull the gathers closed. Hand sew the back to secure it. Blind stitch the head to the top of the body.

9 Be sure it is secure and that the stitches do not show. Try to catch just one layer of fabric so the stitches will not show on the back of the blanket. Add hair to the top of the head and you are done!
