

Notice

Date: February 15, 2013

To: General Authorities and the following leaders in the Utah Salt Lake City Area, the Utah North Area, and selected stakes in the Utah South Area:
Area Seventies, Stake Presidents, Bishops and Branch Presidents

From: Priesthood Department (1-801-240-2134)

Subject: 2013 Auxiliary Leadership Training

THE CHURCH OF
JESUS CHRIST
OF LATTER-DAY SAINTS

In conjunction with April 2013 general conference, the general auxiliary presidencies will hold training for stake and ward auxiliary leaders. The training is designed to help leaders learn their duties and to introduce resource materials that can be used for priesthood and auxiliary leadership training.

Stake, ward, and branch auxiliary presidencies are invited to participate in the training; however, they should not feel obligated to attend. Please note that each organization will provide a session via webcast, allowing leaders to stay at home and receive the same information live or on demand following the live broadcast.

Additional details, including location and schedules, can be found on the back of this notice and on LDS.org under Serving in the Church.
