

Show and tell

On Christmas Eve last year, my family went to church early. I asked my dad if I could play

the piano before sacrament meeting started. I played every Christmas song I could. When I was done, everyone thanked me for the music I played. I felt good inside my heart throughout the whole meeting. I was happy to do service on Christmas Eve and make so many people happy.

My brother and I went outside on Christmas, and after building a fort, we noticed our neighbor's driveway had not been shoveled. We knew he was sick, so we shoveled his driveway. After we were done, I walked away feeling warm inside and was happy to serve our Savior on His birthday.

Primary children in **Texas, USA**, collected books to donate to a local youth shelter.

I am grateful for the beautiful gifts, the sea, and the wilderness that Jesus has created for us. I'm glad I can live on such a beautiful earth.

Dear friends...
This past Christmas season I shared the light of Jesus by sharing with others what I have. This brings so much joy into my heart as this is something Jesus would have done.

I followed Jesus by going to the hospital and singing Christmas carols. It made people feel happy. It made me feel happy too!

It made me feel happy too!
