

Jesus Cared for the Sick

Wherever Jesus went, He cared for people who were sick or hurt. After He was resurrected, Jesus visited the Nephites. He asked them to bring to Him anyone who was sick or hurt. He comforted them. He healed them. The people were thankful that Jesus had helped them. ●

You can read this story in 3 Nephi 17:5-10.

I like to serve! When my great-uncle was sick, I helped take care of his cat. I also helped my dad harvest pecans and take them to the market.
