Use crayons to color all over a piece of paper. Then cover the paper with a layer of black paint or crayon. When it's dry, use a toothpick to scratch a drawing into the paint and show the colors underneath.

Grateful for Temples

I didn't feel like going to the temple for my first time. I wanted to sleep in. Then the Holy Ghost prompted me to go, so I went. The next day, the temple closed because of COVID-19. When the temple reopened for baptisms, I got to go again. I'm so grateful for temples and how special they are to me!
