

# THE BUTTERFLY GARDEN

Welcome to the butterfly garden. Please move slowly, pay attention, and do not touch the butterflies.

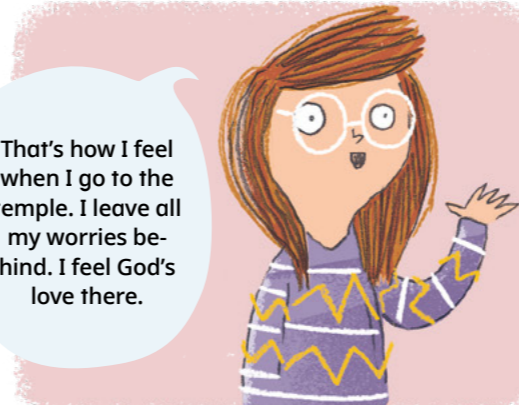

LATER ...

How was the butterfly garden?

It was quiet and peaceful. I was kind of stressed at school today, but being in the garden made me feel better.

That's how I feel when I go to the temple. I leave all my worries behind. I feel God's love there.

I can't wait until I'm old enough to go inside the temple. Can we visit the temple grounds together?

Of course!
