

NOAH

was a prophet of the Old Testament. He kept the commandments and helped his family stay safe during the flood by listening to the word of God. You can keep the commandments and help your family too by reading from the Old Testament every week this year.

Have an adult help you lift the staples and take out this coloring page. Or print it from friend.lds.org.

Follow the weekly reading suggestions on page 26. Each week after you read, color in all the spaces with the number for that week. You can read by yourself or with your family. When you are done, you will have read some of the most important stories in the Old Testament! ♦
