

A photograph of a man sitting on the floor, looking out a window at a city skyline at sunset. The man is in profile, looking towards the right. He is wearing a dark blue t-shirt and dark pants. The room is dimly lit, with warm light from the window illuminating the scene. The city skyline is visible through the window, with lights starting to glow as the sun sets.

SE MOD LYSET

midt i alle vore udfordringer, har Gud

»Håbet om Guds lys«, *Liahona*, maj 2013, s. 70.
