# General Information

### Viewing Time

Local Church Educational System leaders will determine the viewing date and time that best serve their personnel and other invited viewers. If your building is requested for local Church Educational System personnel and others to view this broadcast, please inform your stake technology specialist of the chosen date and time.

### Information for the Stake Technology Specialist

This broadcast may be viewed live[1] on the Church satellite system and lds.org/si/broadcasts. All subsequent viewing must be done by streaming or downloading the broadcast from lds.org/si/broadcasts or by making a copy of the live broadcast and viewing it at a later time.

For instructions on preparing for a satellite broadcast or calling for technical assistance, refer to *Satellite Equipment Information for the Stake Technology Specialist.* This document should be located near the satellite receiver.

For technical information about satellite, internet, or other equipment used to receive Church broadcasts in a meetinghouse, go to mhtech.lds.org. If your language is not available on this website, the assigned administrative office can provide assistance.

*Note:* If you read and write English, please fill out the Broadcast Postevent Survey after the broadcast has concluded (the survey is currently available only in English). To access the survey, go to mhtech.lds.org and search for **broadcast survey**.

### Closed-Captioning

Closed-captioning for the hearing impaired is available on the Church satellite system in many areas. Where available, it is provided in English on closed-caption channel 1 (CC1), in Spanish on closed-caption channel 3 (CC3), and in Portuguese on closed-caption channel 4 (CC4). If closed-captioning is available in your area, please set up a television monitor for those who need this service. For technical assistance, follow the instructions in *Satellite Equipment Information for the Stake Technology Specialist.*

Closed-captioning in English, Portuguese, and Spanish is also available on the internet for electronic devices that support it.
