She's just a girl who wants to be loved

But inside she's bleeding

Because their words
cut just like knives
And she starts believing

Ev-ery-thing they say
Ev-ery-thing she's heard
But

there's still time to change
And re-mem-ber what she's worth
We are
That's just how we're made
Sometimes we are

But we don't have to break
If we're pushed

too far
dropped too hard
there's someone who can stop the pain when we are

Fragile
He's just a boy who wants to belong. But nobody sees him.

And when they do, they point out what's wrong.
And he starts believing
Everything they say

Ev-ery-thing he's heard
But there's still time to change
And re-

mem-ber what he's worth
We are fragile
That's just how we're made. Sometimes we are fragile.

But we don't have to break. If we're pushed too far, dropped too hard there's someone who can stop the pain when we are fragile.

He will take your place

love will light the way

We are
That's just how we're made Sometimes we are too far dropped too hard there's someone who can stop the pain when we are
When we are fragile
