

Better Life

You're caught in a limbo
Somewhere in between
Two sides two roads
What's it gonna be
You're tired of waiting
But you're scared to choose
Deep down, you know
What you need to do

Chorus:

So take a deep breath
Take the first step
Follow Him and do what's right cause
It's a better life
Better life
Open your heart
Give all you got
Follow Him and you will find
It's a better life
Better life

This path isn't easy
But it's worth the fight
March on, stay strong
And you'll be alright

Chorus

Just take a deep breath...

Bridge:

When you place them side by side
You'll always know what's right
Cause it's a better life
When you place them side by side
You'll always know what's right
Cause it's a better life
Better life
