

## **I Hear His Voice**

I hear His voice  
Burning within  
It's not in the thunder  
It's not in the wind  
It's here in my heart  
Deep in my bones  
Giving direction  
Guiding me home

I hear his voice  
It rings through the dark  
Lifting my spirits  
Cleansing my heart  
Pushing me on  
It fills me with joy  
I know He loves me  
I hear His voice

Bridge:

And I can't imagine  
How someone like me  
Could speak with the maker  
Be healed by my Savior  
And filled with His peace  
For all of these wonders  
I can't help but rejoice  
Cause I've felt His presence  
I hear His voice

Instrumental Break

I hear His voice  
And I will obey  
I know He will always  
Show me the way  
If I am still  
And drown out the noise  
I feel His presence  
I hear His voice
