

One By One

There are so many faces
Lost in the crowd
Each one is searching
And wants to be found
Every single person
Is one of a kind
And we are His hands
So we'll help those we can
One at a time

Chorus
It's always
One by one
One by one
There are 7 billion people who need His love
And the only way to help them and lift them up
Is one by one
One by one

He knows His children
Each one by name
And He sent us all
To break down our walls
And walk in His ways
Live life wide open
Let people in
No number too high
We can bless someone's life
Again and again

Bridge:
There are
Different problems
Different needs
And everyone learns so
Differently
So if we're going to
Change the world it will be
It will be

Chorus:
One by one...
