What does family mean
Does it only need

A mom and Dad and a couple kids
Sure that's where it all begins but

Wedding bands and mortgage loans
Aren't what make a house a home

It's so much more than just the basic things
It's all that happens in between like

Road trip driving till the break of dawn
Off key singing to our favorite songs

Jumping and yelling
Cheering our favorite team
What Family Means to Me

Grand-ma's cooking and late night games it's Good advice and making mistakes Then for-

giving forgetting and loving through everything That's what family means to me

No matter what we do We're gonna make it through

Because it isn't just a box to check Or a status that we're trying to get

In the stands or back at home Family's there to cheer us on

And it can last forever and a day Along with all the memories made like
What Family Means to Me

Front room movie nights and hand-me-downs Dreaming bigger than our bank accounts But knowing we'll always have enough to make ends meet

Doctor visits from a double dare Group hug laughing after family prayer And knowing we'd never wanna change a thing That's what family means to me

It's working hard and giving up some things we want for something more

Yeah, it's so much more

That's what family means to me
