

## **“Change”**

Do you remember years ago  
When you were just a few years old  
Everything was so brand new  
Looking back you realize  
You see the world through different eyes  
'Cause all the things that you've been through

Pre:

There in the mirror it's someone else  
Like you can't even recognize yourself  
And the person you're becoming

Chorus:

It's part of life  
It's full of choices  
It's one way or the other  
What makes us who we are  
It's up to you which way you go  
The only thing we really know  
Is nothing ever stays the same  
You're gonna change

Life is shorter than we think  
And we get stuck in our routine  
Living out the day to day  
We weren't made for standing still  
But for climbing up that hill  
And getting better on the way

Pre:

What direction are we gonna take  
So many decisions we gotta make  
To get us where we're going

Chorus
