

“Like a Child”

Tell me when did we grow up
And give all our dreams away
Wide eyes and wonder
All lost in yesterday
When miracles came true
And Heaven was closer
Can we turn back the pages
Back to when we were

Chorus:

Like a child like a child with perfect faith
Like it was we were young and wide awake
We believed we believed
We could do anything
Like a child like a child so full of love
You remember remember how it was
We believed we believed
We could do anything

Now that we're older
It's easier to forget
But our hearts are much bigger
So open up open up and let Him in

Chorus

Ooh

Chorus

Ooh
