

“The Body of Christ”

We are part of a family
There's a role we all play
Everyone has a purpose
All united in His name
There is strength in our numbers
With our hearts intertwined
Moving forward together
In the body of Christ

*We will go where He leads us
Hand in hand through the storm
Though we pass through the darkness
He will help us carry on
Left alone, we're defenseless
But with Him by our side
We can go even further
In the body of Christ*

We are raising the banner
On the mountain where we stand
Like a light to the nations
Spreading hope through every land
With our arms wide open
As a chorus, we cry
"There is room, come and join us"
In the body of Christ
