

## "Forget"

We should pray to him each morning  
We should pray to Him each night  
We should love one another  
Such a tiny sacrifice

Pre:  
Though I'm trying to be better  
There's still so much to remember and  
No matter how hard I try

Chorus:  
Sometimes I forget  
Sometimes I get lost  
Sometimes I get caught up in the chaos of it all  
Whenever I'm not living  
The way that I should live  
He reaches out and leads me back to where I should have been  
When I forget

He won't leave me in the shadows  
He won't let me slip through the cracks  
He always knows just where I'm going  
And He'll do all He can to get me back  
And I will do my best to follow  
But I know that when tomorrow comes  
I may get a bit off track

Chorus  
Cause sometimes I forget...

Bridge  
I know that I will learn someday  
How to be be more like Him  
How to live how I should live  
No matter what I'll will find a way  
Cause that's the reason why we're here

Chorus:  
But sometimes I forget  
Sometimes I get lost  
Sometimes I get caught up in the chaos of it all

Chorus
