

"Merciful"

I smile every day
When I think about His grace
Cause I've felt a change
And I thank Him all the time
For the blessings in my life
My future's burning bright

Chorus:

Cause He is merciful
Merciful
He always lifts us to our feet
He is merciful
This I know
Cause He is merciful to me

I know who I'm supposed to be
Cause it's been shown to me
By the one who calmed the sea
And every single day
I'll try to be that way
And give Him all the praise

Chorus

Bridge:

And He taught me how to love
Because He loves me
So I'll love with all my heart
And live for something
I'm gonna do all I can to
To do what He would do
Cause He gave me a second chance
